

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision: To strive for inclusiveness and to be trusted as one of the premier state educational service providers for all including the underprivileged and minorities.

Mission: * To promote integrated growth and personality development in all students with special emphasis on students from economically and socially challenged backwards
* To promote intellectual, moral and cultural development in a truly secular environment and to strive for amity and harmony among students of diverse social, cultural, religious and economic background.
* To strive for excellence and to provide our students with best of the opportunities of learning and to yearn for including the spirit of joy of learning beyond the boundaries

6.2 Does the Institution has a management Information System

The institution is fully managed by Higher Education Department, Government of West Bengal. The Principal is administrative head and is accountable to Director of Public Instruction, West Bengal. However the administration is facilitated by (a) a set of sub committees formed by the Teachers council, and (b) the Head of the Departments. The sub committees design and implement all the affairs that relates to the college's image building. Right from admission to conducting elections for student's union, the sub committees mastermind almost every academic and administrative strategy. The Head of the department are responsible for assessing the academic progress of respective departments. They assign the syllabi for all teachers in a course, look over all performances of the assignees, take feedback from the students and parents through periodical guardian meeting, monitor each and every student's weakness and strength, frame the budget, manage the resources and in case of Postgraduate department holding semester PG examination regularly, official publication of results and in association with IQAC undertake SWOT analysis in real terms. It becomes the responsibility of the Principal and the government to address all these issues if needed.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

- The institute implements the curricula set by its affiliating University. The University of Calcutta in all its UG courses. The syllabi are framed and reviewed periodically through broad based interactive participation in workshops conducted by the University. The current curricula of almost all the subjects follow the outcomes of such revisions in 2009-10 and later. Our teachers as those of other colleges, took parts extensively to frame these syllabi. In other words, the current undergraduate syllabi in all probable ways reflect their ideas and inputs.
- The institution has three autonomous Postgraduate departments, the curricula of which are framed by the faculty members with modern, need based approaches to reflect universality of these subjects. All the members of the faculty, as well as other erudite scholars as members of the Board of studies(PGEC), do enrich the curricula with valuable inputs. The fluidity and flexibility of syllabi of English, Urdu and Zoology are balanced and at par with any of the national universities. From this year CBCS has been started in PG course in Zoology. Student progression records suggest that the exercise had been beneficial to the students.

6.3.3 Examination and Evaluation

The students are evaluated both by written examination and orally. The process of evaluation is as follows:

- Monthly Test - There are year-long tests to ensure continuous assessment.
- Midterm Test - These are comprehensive tests on substantial portion of the syllabus to help the students to prepare for their Selection Tests.
- Selection Test - Terminal Tests at the end of each year of study to assure the eligibility for University Examination. –

The students are also evaluated by inter and intra departmental seminars, study circles etc. – In addition to this the autonomous post-graduate departments evaluate their students through end semester examinations and presentation of Term Papers through seminars in presence of external experts.

Project works on environment for all students in final year of their UG studies are integral parts of the curricula and these projects are guided and evaluated by the members of faculty.

6.3.4 Research and Development

Research Board- Maulana Azad College

Prof. Subir C. Dasgupta, Professor & HOD, PG Department of Zoology, Convener

Dr. Parimal Bhattacharya, Associate Prof. and Head, PG Department of English

Dr. Dabir Ahmed, HOD, Associate Prof. PG Department of Urdu,

Dr. Ashis K. Mukherjee, Associate Prof., Head, Department of Chemistry

Dr. Anuradha Sen, Head, Department of Philosophy

All Heads of Science Departments

Following are the measures taken by the institution to facilitate smooth progress of implementation of research schemes/projects.

- Research proposals are screened and forwarded by the committee and finally by the Principal
- Autonomy to the principal investigator: The Principal investigator is the key person to plan and smooth implementation of any project
- Timely availability or release of resources: Prompt disbursement of sanctioned grants are ensured through constant liaisons with funding authorities & allocation meetings between principal and PI.
- Adequate infrastructure and human resources: Provisions for inducing Research Fellows for Major Projects, both UGC & non-UGC sponsored (NTRF) are in place.
- The Collaborative Project between the faculties of Zoology department, with Department of physiology Calcutta University and Visva Bharati University also has Research Fellows
- The board recommendations have been successful in harnessing 1 major, and 3 minor research projects from UGC and 1 major project from NTRF were sanctioned.

6.11 Activities and support from the Alumni Association

- Maulana Azad College, previously called Islamia College, was established in 1926. Though it is a prime institution of Eastern India, unfortunately all efforts, in the past, to form an Alumni Association proved ephemeral due to various reasons. However, in the year 2010 the dream of establishing the Maulana Azad College Alumni Association Kolkata (MACAAK) came true due to the sincere endeavors made by its ex-students.
- The prominent ex-students, who took special interest and spearheaded this noble cause, comprised Mr. Md. Shamim (Retd. IPS), Mr. Jawaid Iqbal (Ex-WBCS), Mr. Anis Akhter, Dr. Gholam Sarwar, Dr. Md. Mansoor Alam, Dr. Tanwir Ahmed, Mr. Jameel Ahmed, Mr. Nishat Alam, Mr. Mozammil Hossain, Mr. Tanwir Ahmed Khan etc.
- 2010, it was resolved that the MACAAK be registered under the West Bengal Societies Registration Act 1961 at the earliest. Prof. Gholam Sarwar, the General Secretary along with Mr. Jaweed Yusuf, Mr. Mozammil Hossain and Mr. Tanwir Ahmed Khan worked hard for the registration and eventually got the association registered with effect from 19.01.2011 vide Regn. No.S/1L/77219.
- The Foundation Day of the Maulana Azad College was organized by the Alumni Association in a befitting manner at Wahshat Hall of the College. A large number of Ex-students attended this function and showed their interest in the activities of the Association. The function was presided by Mr. M. Nizam and Mr. Ghaznaffar Ali Khan (Retd. IAS) graced the occasion as Guest in Chief. Prof. Dilip Kumar Ghose, the Director of the Institute of Historical Studies, Kolkata attended the function as Guest of Honour. On this occasion, Prof. Md. Mansoor Alam released a booklet entitled Maulana Azad College ---A Historical Background. Among the Alumni, the names of Prof. Sukumar Sen, Ex-Principal, Maulana Azad College, Prof. Sulaiman Khurshid, the then Gen. Secretary of Muslim Institute, Prof. Naim Anis, Mr. Irshad Arzoo deserve to be mentioned. The function was a grand success.
- The Bank A/c. of the Association was opened with the United Bank of India, Rafi Ahmed Kidwai Road Branch.

6.12 Activities and support from the Parent – Teacher Association

There is no formal body as Parent-teachers Association in the college as yet. However, every department holds regular interactive parent-teacher-ward meets after every internal terminal examination to discuss areas of concern and collectively resolve the arising problems.

6.13 Development programmes for support staff

- Retraining of support staff in ICT skill development was organized in association with M/S Brainware so that they are to get acquainted with e-Pradan (an online billing system introduced by Govt. of West Bengal).
- All are covered under West Bengal Health Scheme
- All are covered under a group Insurance scheme
- The residential quarters are maintained by PWD throughout the year.
- The college authority disposed two cases of dying in harness and compensatory appointments promptly and the appointment letters are awaiting from Higher Education department, Govt. of West Bengal.

6.14 Initiatives taken by the institution to make the campus eco-friendly

- The institution is also fully aware of its responsibility to protect and preserve the environment.
- There is a Medicinal Garden maintained by the Botany Department which is not only integral to the study of the UG syllabus but also an important instrument for sensitization.
- Preventing accumulation of water to check malaria and dengue infestation if any.
- Monitoring drinking water regularly and provide Clean and filtered drinking water throughout the premises
- There is the Maintenance and Beautification Committee which is instrumental in the maintenance of the cleanliness and the aesthetics of the college. The Gardening Committee helps maintain the beautiful garden of the college.
- A Semp has been started for rain water harvesting system in collaboration with Govt. agencies.
- Hazardous Disposables are taken care of by the conservancy department of Kolkata Municipal Corporation. Moreover, primary importance is given to reduce the volume of chemical wastes generated in our laboratories

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

● Multicultural Milieu: Maulana Azad College is committed to provide quality and affordable higher education for all, including the underprivileged sections of the society. With its modest beginning as Islamia College during the British period, and being an exclusively men's college till about two decades ago, the institution is now a major seat of higher learning and research for both men and women in this part of the country. Many of them are first generation degree-seekers from minority communities, and economically weakest sections of the society. The students come here from different parts of the state and many come from other states as well. The students have different vernaculars, practice different religions and yet in distant memory, Maulana Azad College pleasantly and happily failed to record even one instance of discord and hostility among its students and staff.

● Ensuring Inclusiveness through Student Support schemes: In conformity with the vision and mission of this college we are committed to increase the intake facility particularly those from the economically and socially challenged group of students. In view of augmenting this, we have formed special cell to guide and facilitate the students in availing all such schemes that the government has launched for this target group. In addition, we have initiated special computer education and IT training courses for these girls. This beneficiates the students of arts discipline particularly and the results so far are very encouraging for all stakeholders.

- A number of extra academic add on programme, many of which are interdisciplinary in nature were conducted from DBT star College scheme which were aimed at skill development and inculcation of a research mindset.
- The admission process was made completely online with the fee collection stage being outsourced. Online application fees are also payable through Bill Desk.
- Digitalized library resources with continuation of E inventory like JSTOR/DELNET facility.
- Construction of a new UGC sponsored Girls Hostel and is likely to be completed very soon.
- Continuation and extension of major research project from NGO/ Industry (NTRF)

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- Government of West Bengal reservation policy in relation of OBC (B) category and consequent increase in number of seats without reducing general category seat was executed.
- Utilization certificate and Statement of Expenditure of 1st phase construction of Girls Hostel was submitted
- Continuation of skill developmental programme with SC, ST and minority girl students.
- CBCS in Master degree programme in Zoology was implemented.
- Publication of peer reviewed arts and science journal was continued
- Skill developmental programme with non-teaching staff was carried out.
- Construction of a new air-conditioned Seminar Hall with ICT facility.
- Extension block for Microbiology department was completed
- Renovation and air conditioning facility in Teachers Common room.
- Renovation and replacement of old air-condition machine in central equipment laboratory.
- Execution of UGC Emeritus fellowship project.
- The 'Letter of Intent' for evaluation by NAAC for the second cycle of accreditation has already been sent to NAAC on 21.1.2015. As a part of the LOI requirement, we have uploaded 'Self Study Report 2014' of our college in our website on 16.12.2015. Currently we are actively involved in preparing ourselves for evaluation by NAAC.
- Creation of well-equipped fitness center for students

7.3 Give two Best Practices of the institution (please see the format in the NAAC Self-study Manuals)

- Multicultural Milieu and Diversity
- Student Support Scheme

*Provide the details in annexure (annexure need to be numbered as i, ii,iii)

7.4 Contribution to environmental awareness / protection

- Plantation of trees "Briksha Ropon Ceremony" in all consecutive years. This year tree plantation programme was held to commemorate 30th year birth celebration of DBT by renowned scientist from Bose Institute on 14.12.2015
- It is mandatory for each of the final year students to undertake a study of environment.
- Creation of facility by Microbiology department for water testing to determine microbial and chemical contaminant from any source of water of the campus
- Impact of noise pollution around the campus and at the busy traffic intersection near the college was studied and monitored by Physics department.
- More than 25 exotic and local medicinally important plants are being maintained by Botany Department.
- The college has imposed restriction on use of plastic inside the campus.
- Save energy initiative by NSS makes the students aware to switch off lights and fans before leaving the class rooms to save electricity and power.
- Chewing of masticatories, pan-masalas and gutkhas inside college campus is prohibited.
- Walling on the college building in any form graffiti or paper, is completely prohibited. There are dedicated boards on the campus to help percolation of information.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strength:

- The college blends study of classical languages and social studies with that of the most fundamental and interdisciplinary science subjects in the most efficient manner. It was established in 1926 as an Institution to focus on studies in Bengal. Very soon the founders could understand the importance of study of Science to facilitate an all round development of the students who were initially exclusively from Muslim community but it did not take long to open the facilities to the children of all caste, creed and religion. Now, it is one of the major colleges in this part of the country fostering equally enviable diversity and growth in both the disciplines.
- The college has been consistently excelling in research. There are at least five (5) departments which have Ph.D. students registered under it. There are two (2) patents to its credit and research funding from UGC, DST, DBT, ICMR, NTRF etc have materialized in last few years. The volume and quality of publications speak for the college to be rated as the best college teaching Science in this region. * [*AC Nielsen–India Today Survey of Educational Institutions of India 2016]
- It is one of the three colleges of the state where DBT Star College programme still continued. The state DBT recognized through its BOOST programme.
- Numerous Hands on training programme and projects for students have been executed
- The college practices the inclusiveness that is fundamental to its vision and mission. Majority of the students belong to Muslim minorities and little less than half of them are women. Many of them come from highly challenged socio-economic background and many are first or second generation learners. This college provides all kinds of academic and extra-academic material support to include them in its growth trajectory. To be trusted as one of the major educational service providers to this large section of the changing society consistently for a very long period of time has been one of our very strong points that we want to uphold in the years to come.
- The college has several scheme to support the needy students and girl's students.

Weakness

- The principal weakness is dearth of space.
- The faculty belongs to a transferable service and frequent transfers often affect the continuity of teaching-learning process and sometimes negatively impact the teacher-student ratio.
- The loss of classes for University examination is a real cause of worry.
- The College has to depend on the Government for development grant as student fees are compulsorily deposited to the exchequer. The delays in allotment of funds sometimes affect the day to day functioning of the college.
- Dependence on P.W.D. for civil and electrical work within the college and hostel campus makes quality assurance, maintenance and monitoring difficult.
- Poor administrative staff to student/Faculty ratio acts as a hindrance to the smooth running of the administrative affairs of the college.
- Fund crunch for continuous purchase of books and journals by College library can be overcome by subscribing for ebooks/journals and inclusion of the Institutional library within library networking circle

Opportunities

- The College deserves a second campus for itself. A second campus will be a huge positive for this college as newer Postgraduate courses can be opened and extra academic add on courses can be added.
- The college offers six language comprising of Bengali, English, Sanskrit, Urdu, Persian and Arabic. With so much diversity to nurture, the college can form an interdisciplinary school of Language for taking up valued projects in oriental studies.
- Student facilities like canteen, common room, Gymnasium etc. remain to be upgraded to the desired level due to lack of space.
- Participation in academic programmes like seminars, workshops, debates, JAM/MBA tutorial classes etc. on a regular basis and student counseling at the PG level inculcates within the students a motivation to pursue higher studies and research.
- An appreciable number of campus recruitments have taken place over the past few years.
- Faculty members get ample opportunity to carry out research activities and publish their articles in institutional College or other national/international journal.
- Value education and health awareness programmes for students including seminars, workshop and NSS activities in slum areas with women and children inculcates a sense of responsibility in them.

Challenges

- Students, particularly girls succumbing to family pressure and leaving studies midway.
- Some classical languages like Sanskrit Persian finding very few takers
- Little scope for introducing innovative teaching, learning techniques due to constraints in syllabi and annual academic schedule designed by the mother University which also limits the number of teaching days.
- Being a Government college the institution does not have scope of filling up vacancies in teaching and non-teaching posts.
- The stable staff structure necessary for the smooth running of the college (both academic and administrative) is often perturbed by the transfer policies of the government.
- The pace of upgrading infrastructure is not commensurate with the annual increase in student intake as directed by the mother University.

8. Plans of institution for next year

1. Implementation of the recommendation of forthcoming NAAC visit
2. Girls hostel seats should be available to students by next year.
3. More number of ICT training for staff members of the college for smooth functioning of administrative as well as academic works.
4. Implementation of RUSA funding
5. To expedite CAS scheme for all faculty programme.
6. Upgradation of infrastructure of all departments with a view to opening of Postgraduate section in some department.
7. Creation of few more new smart classrooms.
8. More Vigilance through CCTV surveillance to maintain security and discipline.
9. College notification through digital display system
10. Construction of a Rain-water Harvesting System for sustainable development.
11. To strengthen the security system, installation of Closed Circuit TV in the hostel as well as in the main campus.
12. Encouraging faculty members to write individual research proposals
